Want to bring Jade to your town?

Community Development Checklist

Hey-o! We heard a rumor you may be interested in bringing Jade Fiber to your community. Let's do this!

It's no secret that robust, high-speed internet has the power to transform communities. As we expand our services to new, underserved areas, we find communities are excited for the services we provide and want fiber as soon as possible. Fiber is definitely a game changer.

The benefits of fiber from Jade

Imagine if you and your neighbors could live in your community AND have access to career options, education, health services, and a connected home. With fiber internet from Jade, your community will benefit in numerous ways, such as:

Jade can help

Building to new areas can be time-consuming, but in our nearly four decades in business, we've found that support from community leaders is invaluable in getting construction underway as seamlessly as possible.

Our goal is to be a fair and transparent partner to your community. That means meeting construction timelines, understanding and fulfilling community expectations, and working alongside local governance to do what's best for your community.

The steps we take to ensure we are a great fit for your community:

How can you help?

To accelerate the construction and permitting process from your community, we kindly request your assistance with the following:

- Bulk / Streamlined Permitting
- Access to ROW
- Existing Assets
- In-Kind Contributions
- Property
- Long-Term Financing available
- Grants you qualify for
- Government Funding available

The people have spoken

"Jade is stellar! Not only do they provide top-notch internet service, but their customer service is, without a doubt, the best in the business. I've had a handful of internet companies in the past, and Jade is better than all of them."

- Eric

Let's get to work!

We make using the internet fun, and by working with communities, we can make building the internet fun, too. If you are interested in learning more, contact us at 719-589-5140.
